28th March 2018

Dear Parent/Carers,

I am writing to inform you that unfortunately due to the further complications with the boiler, school will be closed on Thursday 29th March 2018.

This decision has not been made lightly. But, with recent confirmed cases of chicken pox and scarlet fever and as we will not have access to hot water from the end of today; for the health and safety of the children this is the most appropriate course of action.

A deep clean of the school will be taking place over the Easter holiday which should hopefully eradicate any further spread of chicken pox and scarlet fever. As per procedure, public health has been notified. Please see previous letter dated 27th March 2018 for important information regarding scarlet fever and chicken pox. This is available on the website at <http://www.glaptonacademy.co.uk/news/post-box>.

Our apologies for any inconvenience this causes, I am sure you will agree that the health, well-being and safety of every child is paramount.

The year 6 SATs booster scheduled during the holidays will still go ahead unless otherwise advised. In the event that the boiler is not fixed all year 6 parents will receive a text 24 hours before the session.

Thank you for your understanding, school will be back open on Monday 16th April 2018 following the Easter break.

We wish you a happy Easter.

Kind regards

Mrs Roberts
Head Teacher
