1. Aims

Schools are required under the <u>Equality Act 2010</u> to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our academy aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

At Glapton academy we aim to meet the obligations under the Public Sector Equality Duty (PSED) by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics between people who share a protected characteristic and people who do not share it

As set out in the DfE guidance on the Equality Act, the academy aims to advance equality of opportunity by:

 Removing or minimising disadvantages suffered by people that are connected to a particular characteristic they have (e.g. pupils with disabilities, or gay pupils who are being subjected to homophobic bullying)

- Taking steps to meet the particular needs of people who have a particular characteristic (e.g. enabling Muslim pupils to pray at prescribed times)
- Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of academy societies)

We are an inclusive school where, within an environment of mutual respect, each child's ability is recognised, valued and developed through a creative and challenging curriculum.

We are committed to working in partnership with parents/carers and the wider community to provide an inspiring, stimulating and caring environment for our children. This will enable them to take the next steps in their lives confidently and successfully when they leave our school.

The plan will be made available online on the school website, and paper copies are available upon request.

Our academy is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our academy's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

This accessibility plan is structured to complement and support the school's Equality Objectives. We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff and governors of the school.

2. Legislation and guidance

This document meets the requirements of <u>schedule 10 of the Equality Act 2010</u> and the Department for Education (DfE) <u>guidance for schools on the Equality Act 2010</u>.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the <u>Special Educational Needs and Disability</u> (<u>SEND</u>) <u>Code of Practice and under the Equality Act</u> 2010, 'long-term' means something which has lasted or will last for a year or more or for the rest of the affected person's life and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting visual impairments which cannot be treated with visual aids, such as by wearing spectacles or contact lenses or hearing, severe disfigurement and long-term health conditions such as ASD, ADHD, asthma, diabetes, epilepsy. Cancer, HIV and multiple sclerosis are considered to meet the definition at the point of diagnosis, irrespective of the level of impairment.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, altering processes or requirements or the provision of an auxiliary aid.

This policy complies with our funding agreement and articles of association

Appendix 2: Accessibility plan checklist

This checklist is based on the <u>DfE's advice on the Equality Act 2010</u>.

| WH | AT TO COVER | TIPS |
|----|---|--|
| | Your accessibility plan must set out how your academy aims to: | An audit could help you to identify potential barriers to access and what you could do about them. For example: |
| | Increase the extent to which disabled pupils can participate in the curriculum Improve its physical environment to enable disabled pupils to take better advantage of the education, benefits, facilities and services provided Improve the availability of accessible information to disabled pupils | Are all the shelves in the library accessible to all? Is there adequate lighting in all areas? Is information provided in large print, Braille, etc.? Do the curriculum and resources include examples of people with disabilities? |
| | Policy introduction | What is the purpose of the policy? What legislation does it comply with? How does it help your academy meet its aims and values? |
| | Details of how you will make the academy's curriculum, physical environment and information more accessible for people with disabilities | This section of the policy could include: • Targets • The strategies you will employ to meet these targets • Timescales • Who is responsible for particular targets/strategies • Success criteria |
| | Monitoring and evaluating the plan | When was the plan approved? When will it be reviewed? By whom? |
