

Go outside and get active with your family.

- Bike ride
- Forest walk
- Family park run
- Parents vs siblings obstacle course

With an adult, find an area in your garden to start your own vegetable patch - watch your vegetables grow and thrive.

Create your own maths revision cards and ask different family members to test you! Think: multiplication facts, square numbers, prime numbers, multiples, factors etc.

**I must try to...**

- Read every day and have my partnership book signed.
- Practise my spellings and times tables.
- Try and complete one of the optional tasks each week.

What can we do in school to help protect our planet?

Think about what we already do in our classroom, what else can we be doing?

## Year 6 Homework

Create a reading den in your house where you can relax and spend time reading your favourite books.

Try out one of these exciting STEM-themed projects...

There are many countries that have French as their official language around the world. Research and name five of these countries (excluding France).

How would you like to celebrate everyone's hard work at the end of SATs week? Create a mind map of ideas and suggestions.

Create a GPS board game to help with SATs revision.

You can play this with your family or with your friends in school.

Research famous females in STEM (Science, Technology, Economic and Mathematics)

The National Trust: 50 activities to do before you're 11  $\frac{3}{4}$
