

Some countries are really far away. Can you use recyclable materials to design a boat or an aeroplane to travel a long way on?

Ask a grown up to help you to use Google Earth to spot some different countries. Can you spot places you have visited?

Use playdough to make an animal that would be found in a savannah.

I must try to...

- Read every day and sign your partnership book.
- Practise my harder to read and spell words
- Try and complete one of these extra optional tasks each week.

Sharing

Share out 10 biscuits between your 2 favourite toys. How many do they each get? Can you practise sharing other quantities?

Reception Homework

Number Bonds

Practise your number bonds for all numbers to 5. E.g. 5 can be made by doing $0 + 5$, $1 + 4$ or $2 + 3$. 4 can be made by doing $0 + 4$, $1 + 3$ or $2 + 2$

Use a paintbrush dipped in water to practise writing some of your harder to read and spell words outside.

Go on a summer walk. What do you notice? How is summer different to other seasons? Draw pictures of what you see.

Doubling

Go outside and collect 6 leaves. Then collect 6 more. How many leaves do you have altogether? Can you try this with other numbers to find more doubles?

Make a poster to tell someone how to stay safe in the sun.

Draw a picture and write a sentence about something fun you did at the weekend.

Write a sentence about an animal that would be found in the rainforest.
