

## *Saplings Class autumn walk.*

*We went on a walk around the school grounds to look at some changes that take place in autumn.*

*We noticed that some of the trees were losing their leaves and that they had fallen to the floor. We took baskets with us to collect the fallen leaves and twigs.*

*Harmony collected a large bunch of leaves!*

*We talked about how some leaves change colour at autumn, usually to brown, yellow, orange or red.*

*We put on our big winter coats before we went outside – because we have noticed that it gets colder at autumn and we talked about how it is dark in the mornings when we get up too.*
